# CARE AT KAISER PERMANENTE

## IT'S TEAM-BASED

Managing your health care – and that of your family – can be a lot of work. Just figuring out what you need, when you need it, and how to get it can seem overwhelming.

**We believe you shouldn't have to manage your care among different doctors, pharmacies, labs, and imaging centers. That's our job.**

Using a single electronic health record, Kaiser Permanente doctors work across specialties and locations to guide every aspect of your care. They know when you're due for exams and tests, and work with you to get them done. They partner with you to help keep you at your healthiest.

**At Kaiser Permanente, primary care providers, specialists, and even pharmacists work together to coordinate every aspect of your care.**

## MEDICAL EXCELLENCE

**#1**

**Kaiser Permanente is rated the No. 1 health plan in Colorado.<sup>1</sup>**

**25**

**Number of Kaiser Permanente medical offices with behavioral medicine specialists on-site, many of whom are available for same-day services.**

**Kaiser Permanente led the nation**

as the top performer in 26 Healthcare Effectiveness Data and Information Set (HEDIS) care measures – the most of any health plan.<sup>1</sup>

# IS DIFFERENT.

## IT'S COORDINATED, TO HELP KEEP YOU HEALTHY AND SAFE

At Kaiser Permanente, your care is coordinated by all the doctors you see. They have your complete medical record at their fingertips, know what you need, and work together to provide it. This doesn't always happen outside of Kaiser Permanente.

Consider the case of a real Kaiser Permanente member who had a long history of major depression and had recently been diagnosed with – and undergone surgery for – breast cancer. We'll call her Jane.

Jane's oncologist had recommended a common cancer drug and documented it in her electronic health record. Her psychiatrist, Sara Vogel, MD, noticed the recommendation during a routine visit and knew the cancer drug could react adversely with 2 antidepressants Jane was taking. Dr. Vogel then consulted with a clinical pharmacist and Jane's oncologist, radiation oncologist, and cancer surgeon to find another, equally effective drug that didn't compromise the effectiveness of the antidepressants.

Outside of Kaiser Permanente, this level of coordination would have fallen on Jane to complete if her doctors weren't in regular communication.

**At Kaiser Permanente, we believe you shouldn't have to manage your own care. That's our job. We call it integrated care. You can call it peace of mind.**

# HELPING TAKE THE CONFUSION OUT OF YOUR HEALTH CARE

## Key terms to understand your plan

**Coinsurance:** An amount you may be required to pay as your share of the cost for services after you pay any deductibles. Coinsurance is a percentage of the charges.

**Copayment:** An amount you may be required to pay as your share of the cost for a medical service or supply. A copayment is usually a set amount, rather than a percentage.

**Deductible:** The amount you pay for certain covered services before Kaiser Permanente starts paying most of the cost.

**Evidence of Coverage:** These documents explain benefits, terms, and conditions of your Kaiser Permanente membership, including information about your share of costs and exclusions.

**Explanation of Benefits:** A summary of health care charges that Kaiser Permanente sends you after you see a provider or get a service. It is not a bill. It is a statement that tracks the care you've received and how close you are to reaching your deductible and out-of-pocket maximum.

**Formulary:** A list of prescription drugs covered by a prescription drug plan or another insurance plan offering prescription drug benefits. Also called a drug list.

**Affiliated Plan Provider:** Providers we contract with to provide services to members. They include plan hospitals, primary care providers, physicians, medical groups, plan medical offices, and pharmacies.

**Out-of-pocket Maximum:** The maximum amount of deductible, copayments, and coinsurance you must pay in a year for covered services. If you reach your maximum, you won't have to pay anything for certain covered services for the rest of the year.

## Cost estimates

One of the most confusing aspects of health care is simply understanding how much it will cost. Since Kaiser Permanente provides care and coverage together, we can help clear the confusion. Our financial counselors—available by phone or online chat—can help you understand your costs and set up an interest-free payment plan.
